

Welcome to

Avail Recovery Solutions

World-Class IT Asset Disposition (ITAD)

Overview of Services

Asset Recovery and Disposition:

Safely recover value and dispose of data-bearing assets using a certified partner

- Up-front buyback offers based on internal inventory
- Full-service white-glove logistics for equipment retrieval from data centers and offices
- Fully compliant data destruction process
- International reach
- Online client portal for asset/project tracking
- Certified environmental solutions for electronics recycling

Geographic Reach

Certifications and Risk Mitigation

R2: Requires certified companies to have a strict policy on managing used and end-of-life electronics equipment, components and materials based on strategies such as reuse, materials and energy recovery and/or disposal - <https://sustainableelectronics.org/>

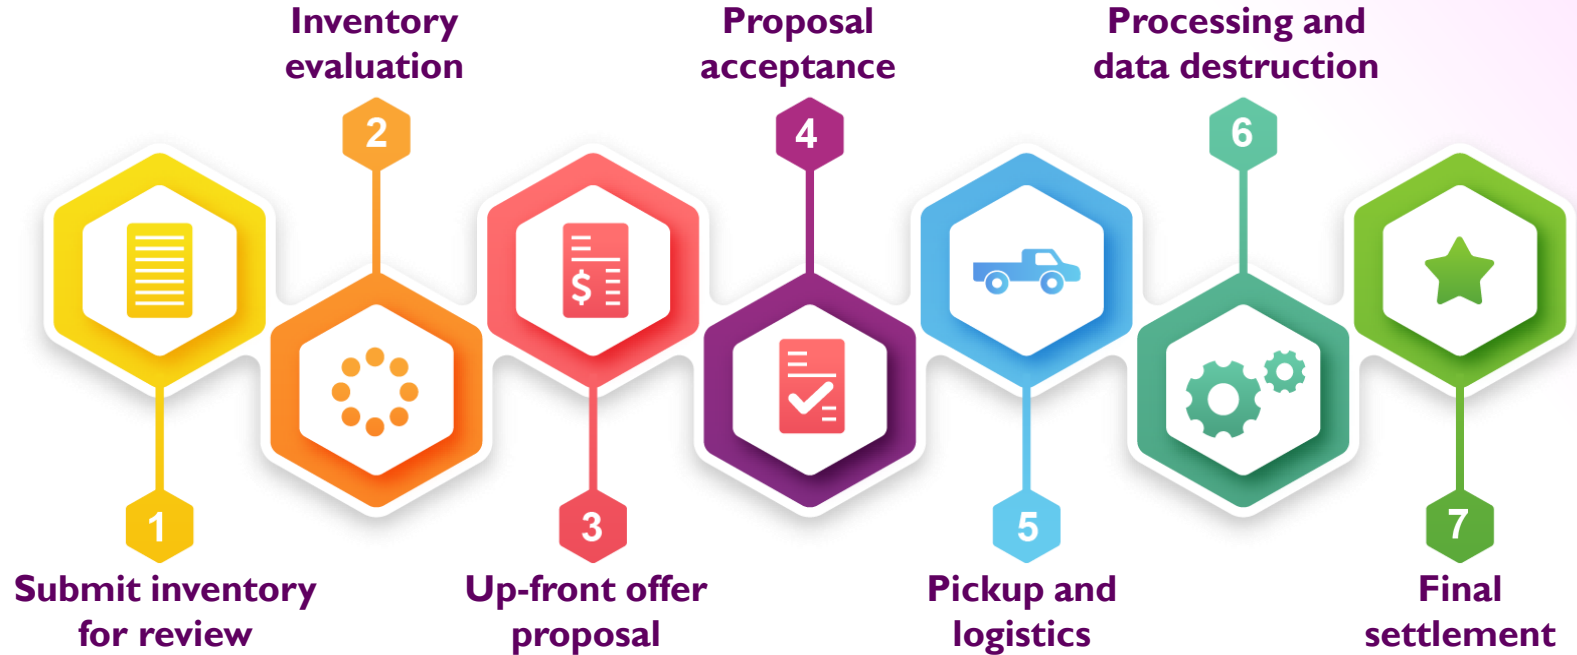

ISO 14001: A set of environmental standards meant to maximize the value of end of life electronic assets through collection, data destruction, and resale/ repurposing of electronic assets. <https://www.iso.org/iso-14001-environmental-management.html>

OHSAS 18001 / ISO 45001: International standard for occupational health and safety <https://www.iso.org/news/ref2272.html>

Process Overview

Typical Process Flow

1

Send an inventory list of model numbers to:

sales@availrecovery.com

Or submit through:

<https://www.availrecovery.com/contact/>.

2

Our client services team will respond within **24 hours** requesting any specific information that may be needed to accurately assess the value of your equipment

3

A formal e-sign proposal is made to procure the list of assets includes pricing for potentially necessary services:

- On-site white glove de-installation and pickup across North America
- Certified data destruction (on-site or off-site options available)
- Detailed reporting of assets and access to a client portal

Typical Process Flow

4

If required, we have available a Master Services Agreement, Non-Disclosure Agreement, Business Associates Agreement, Statement of Work, and Certificate of Insurance for legal and compliance review

5

Once quote is signed, the pickup and on-site services are usually arranged **within 1 week**

6

Equipment is processed in accordance with your service requirements

7

Payment and reporting are sent to the customer within **45 days** to close out the project

8

Repeat

- Payment can be sent directly or applied to a major reseller's credit account (CDW, SHI, Insight)
